A program designated by the Department of State and listed on the Council on Standards for International Educational Travel (CSIET).

Host an International Exchange Student

Become a *Face the World* Host Family!!

Learn about other cultures and create lifetime friendships!

Make a positive, life changing impact on a young student coming to the United States!

Hosting a foreign exchange student is a perfect opportunity for a family to cultivate international connections. It is a truly memorable and life-changing experience because it allows a family to open itself up to new ideas and perceptions.

Great host families have an eagerness: to learn about other cultures, languages and beliefs; hobbies and interests they are willing to share with the student; a loving home environment characterized by respect and affection

All *Face the World* exchange students come with their own spending money, but it is expected that host families provide them with meals and their own bed to sleep in. Students are chosen and screened carefully to make sure they are emotionally prepared for their year abroad. All of our students arrive to the United States with at least an intermediate command of the English language and their own health insurance. Face the World tries to match families based on interests, so let us know what you like to do in your spare time and we can find just the student for you!

These exchange students want to become part of your family! Please contact Marisol Richmond, the regional coordinator of *Face the World*, to set up an informational meeting!!
