Players may be picked for one of our National Teams

Top players will be picked for one of our national teams. All other players will be asked to play on one of the developmental teams. This is a starting block to our National Teams Program. If you make the team, you will be playing on a sponsored team.

This is a great chance to see where you stand on the National level of talent, not the local level. High school coaches and college coaches are looking for National talent and players that play in these events. Players that have the skills and tools that put them in the top 10%. Are you one of these players?

You will be getting the best training from the best coaches and professionals in the country. We can safely say that when you leave us after the Mini Camp you will have added some tools and skills to your tool belt.

FREE College Recruiting Seminar for Parents and Players on Sunday at 3:00
